Mayor Brown served on the Clyde City Council from 2005 to 2013 and now is extremely honored and humbled to serve as the Mayor of Clyde.

His goal is to work with council and staff to make and sustain Clyde as the home that everyone would feel at home to live in, and that everyone who visits here will feel the same hospitality and warmth that his family did when they moved back home. It is his goal to ensure that Clyde continues to grow and can offer the citizens all that they need and want and should expect from their hometown.
